

Kaslo Sourdough

Kaslo Sourdough produces gourmet sourdough pastas that you can feel good about sharing with family and friends. The company offers a variety of sourdough pastas that appeal to health-conscious customers, made from high quality grains that are primarily sourced from the Canadian Prairies. Using the ancient technology of fermentation – newly applied to pasta – Kaslo Sourdough has developed an entirely new functional food. These pastas are nutritious, delicious, easy to digest, and cook in 5-6 minutes for *al dente*.

Customer feedback:

“We have changed our household diet to the Sourdough pasta products. Our little girl had been having dietary problems with regular wheat pastas. When we tried this, the symptoms went away immediately and she loves it! For us, the value of a child that can eat without pain or discomfort is worth any price. Thank you for producing such a great product and please keep it up!” Kevin S., Red Deer AB

“Having been in the service industry for years, consumed loads of pasta this is by far the best ever.” Ian Y., Edmonton AB

“LOVE this pasta!!” Becca M., Fernie BC
